

## ASSIGN 3

```
CREATE TABLE USER(  
roll_number int,  
username varchar(300),  
email varchar(300),  
password varchar(300)  
);
```

Perform UPDATE, DELETE Queries with user table

```
INSERT INTO user(roll_number,username,email,password)VALUES  
(1,'Charumathi','charumathi@gmail.com','charu19'),  
(2,'Zeba Kausar','zebs@gmail.com','zeba19'),  
(3,'Latha','latha@gmail.com','latha20'),  
(4,'Karthiga','karthiga@gmail.com','niva10');
```

# OUTPUT

```
CREATE TABLE USER(  
roll_number int,  
username varchar(300),  
email varchar(300),  
password varchar(300)  
);  
  
INSERT INTO user(roll_number,username,email,password)VALUES  
(1,'Charumathi','charumathi@gmail.com','charu19'),  
(2,'Zeba Kausar','zebs@gmail.com','zeba19'),  
(3,'Latha','latha@gmail.com','latha20'),  
(4,'Karthiga','karthiga@gmail.com','niva10');
```

## USER

roll_number	username	email	password
1	Charumathi	charumathi@gmail.com	charu19
2	Zeba Kausar	zebs@gmail.com	zeba19
3	Latha	latha@gmail.com	latha20
4	Karthiga	karthiga@gmail.com	niva10
